See one of the most beautiful landscapes in the world, where Man has overcome the slopes of the land, planting vines in what can be considered open-air sanctuaries.

On this tour we visit:

Amarante, Régua, Pinhão, Vila Real center, Mateus Palace (Gardens), with its famous tunnel of 37,5m Cedars and garden landscaping unparalleled in Portugal. Several stops to overlook the scenery. Stop at Pinhão to visit its famous railway station with hand-painted tiles related to the region. Free time in Régua. Visit to a country state. Visit the S.
